How do you live?

FOR all we know, some Mongolian landowner, living miserably in a wretched hut, may be the richest man in the world. — For standards of living are not based merely on money. They are based on the quality of life. The reason why Canadian standards are considered highest in the world is because the great majority have as their standard all the things necessary to a civilized and cultured mode of living.

Any household, even of modest size, must draw upon the resources of all the world for its own private life.

You may select household furnishings, modern conveniences, heat, water, refrigeration, food in luxurious and diverse variety, chemicals, drugs, music, automobiles, anything in fact that is commonly looked upon as part of the Canadian scene. — You may select these things heavily and consecutively by merely studying the ADVERTISERS'.

Comed Week-End Cruises

Something New in the Line of Ocean Travel

A pioneer steamship company for the past 31 years, the Canadian Line has been the first to introduce something new in the line of ocean travel: the week-end cruise, a voyage which gives everybody a chance to see the world and to see the world as it can be seen from a ship.

These cruises are of the type which can be taken by a single person or by a family of four. The latter part of a day was spent ashore in the morning and the evening hours were spent on the ship.

The schedule for the summer cruises is as follows: The first cruise will leave on June 15, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod. The second cruise will leave on June 22, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod.

The third cruise will leave on June 29, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod. The fourth cruise will leave on July 6, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod.

The fifth cruise will leave on July 13, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod. The sixth cruise will leave on July 20, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod.

The seventh cruise will leave on July 27, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod. The eighth cruise will leave on August 3, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod.

The ninth cruise will leave on August 10, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod. The tenth cruise will leave on August 17, 1936, for the following ports: New York, Boston, New Haven, New Bedford, and Cape Cod.

LOCAL ANGLER CAPTURES KING OF JACK PUPP AT LAKE LAUREN
AT LAKE LAUREN

The Editor and family enjoyed a fine outing of fish on Monday at a visit to George Lake, a few miles north of Vermilion. The lake is a beautiful one, and the fishing is excellent. The Editor caught a king of jack pupp, which was the largest one he has ever caught. It weighed 15 lbs. and measured 18 inches. The Editor was very happy to catch it, and he will keep it as a trophy.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and, while leaving nothing to be desired as a worm expellant, have an invigorating effect upon the youthful system reminding of pure, billowy winds, fresh apples, sleeplessness, and other ailments of childhood. They are the only worm-follicle disorders caused by worms in the stomach and bowels.

SAYS CANADA'S BANKING SYSTEM ON SOUND BASIS

Minister of Finance, Mr. Bennett, today announced that the Canadian banking system is on a sound basis. He stated that the system is well-regulated and that the banks are in a strong financial position. He also mentioned that the government is committed to maintaining the stability of the financial system.

Mr. Bennett further stated that the government is working to improve the efficiency of the banking system and to ensure that it is able to meet the needs of the Canadian people. He emphasized that the government's goal is to create a stable and sound financial environment for all Canadians.

In addition, Mr. Bennett mentioned that the government is considering various measures to support the banking industry and to promote economic growth. He stated that the government's actions are aimed at ensuring the long-term success and stability of the Canadian banking system.

Overall, Mr. Bennett's statement provides reassurance to the public regarding the health of the Canadian banking system. He assured that the government is committed to maintaining the system's soundness and to supporting the financial well-being of the nation.

The Minister's comments are seen as a positive sign for the Canadian economy and for the confidence of investors and consumers in the financial system. It is expected that these measures will contribute to a stable and prosperous future for Canada.

As the government continues to work on these initiatives, it is hoped that the Canadian banking system will remain on a sound basis and that the Canadian people will continue to benefit from a strong and stable financial environment.

The Minister's statement is a clear indication of the government's commitment to the financial stability of the country. It is a testament to the government's dedication to ensuring the well-being of its citizens and the success of the Canadian economy.

In conclusion, the Canadian banking system is on a sound basis, and the government is committed to maintaining its stability and supporting the financial needs of the Canadian people. This commitment is a key factor in ensuring the long-term success and prosperity of the nation.

Market For Wheat

The market for wheat is currently showing signs of recovery. Prices have risen slightly, and there is a growing demand for the grain. This is due to a combination of factors, including a strong export market and a steady supply of wheat from Canadian farmers.

Industry experts predict that the wheat market will continue to show growth in the coming months. They believe that the current trends are positive and that the market is well-positioned for success.

The Canadian government is also working to support the wheat market and to ensure that farmers receive a fair price for their grain. This includes various programs and initiatives aimed at promoting the export of Canadian wheat.

Overall, the market for wheat is in a positive state, and the Canadian industry is optimistic about the future. With the government's support and the strong demand for the grain, the market is expected to continue to thrive.

The success of the wheat market is a testament to the hard work and dedication of Canadian farmers. It is a sign of the country's agricultural strength and its ability to produce high-quality grain for the world.

As the market continues to grow, it is hoped that the Canadian wheat industry will remain a key component of the country's economy and that farmers will continue to benefit from their hard work.

The current state of the wheat market is a positive reflection of the Canadian agricultural sector. It shows that the country is capable of producing and exporting high-quality grain on a large scale.

In conclusion, the market for wheat is on a positive trajectory, and the Canadian industry is well-prepared to meet the challenges and opportunities ahead. The government's support and the farmers' dedication are key factors in this success.

No Need of Transients

There is no need for transients in the current economic climate. The government is focused on creating stable jobs and supporting the workforce. It is committed to ensuring that all Canadians have access to employment and that the economy is growing steadily.

The Minister of Labour, Mr. Bennett, stated that the government's policies are aimed at reducing the number of transients and providing long-term solutions for the workforce. He emphasized that the government's goal is to create a stable and secure environment for all workers.

Mr. Bennett further mentioned that the government is working to improve the skills of the workforce and to provide training opportunities for those who are looking for new jobs. He stated that these efforts are essential for the long-term success of the Canadian economy.

Overall, the government's approach to the workforce is focused on stability and long-term growth. It is committed to ensuring that all Canadians have the opportunity to find meaningful and secure employment.

The Minister's statement is a clear indication of the government's commitment to the well-being of its citizens. It is a testament to the government's dedication to creating a stable and prosperous future for all Canadians.

In conclusion, there is no need for transients, and the government is committed to providing stable employment opportunities for all Canadians. This commitment is a key factor in ensuring the long-term success and prosperity of the nation.

The current state of the workforce is a positive reflection of the government's policies and the dedication of the Canadian people. It shows that the country is capable of creating and maintaining a stable and secure environment for all workers.

In conclusion, the government's commitment to the workforce is a key factor in ensuring the long-term success and prosperity of the Canadian economy. It is a testament to the government's dedication to the well-being of its citizens.

HOOVER PLAN TO EASE CREDIT IS ENDORSED HERE

The Hoover plan to ease credit has been endorsed here. It is seen as a positive step towards improving the financial situation of the country. The plan involves various measures aimed at increasing the availability of credit and supporting the economy.

Industry experts believe that the Hoover plan will have a positive impact on the Canadian economy. They predict that it will lead to increased borrowing and investment, which will in turn stimulate economic growth.

The Canadian government is also supportive of the Hoover plan. It believes that the plan's measures are necessary to address the current challenges facing the economy and to ensure a stable financial future.

Overall, the Hoover plan is well-received and is expected to have a significant positive impact on the Canadian economy. It is a testament to the government's commitment to addressing the financial needs of the nation.

The endorsement of the Hoover plan is a clear indication of the public's confidence in the government's financial policies. It shows that Canadians are optimistic about the future and believe that the government's actions will lead to a successful outcome.

In conclusion, the Hoover plan to ease credit is endorsed here, and it is expected to have a positive impact on the Canadian economy. The government's commitment to financial stability and its dedication to the well-being of its citizens are key factors in this success.

The current state of the Canadian economy is a positive reflection of the government's policies and the dedication of the Canadian people. It shows that the country is capable of overcoming challenges and achieving long-term success.

Vermilion Masonic Lodge

Celebrate 25th Anniversary

Premier Breweries In Attendance - Charter Members Are Honored

The 25th anniversary of the Vermilion Masonic Lodge was celebrated on Tuesday evening at the work of a manner highly befitting the occasion. There were over 100 visitors present representing lodges from Edmonton on the west to North Battleford on the east, and such as for an hour, it was by the largest gathering of Masons seen in Vermilion.

After the completion of the services in the Lodge room the visiting brethren were guests of the local lodge at a banquet in the Armstrong hotel at which C. C. Chubbart, master of the lodge, presided as master of the feast.

The program, which is the first of the kind in the history of the lodge, was presided over by W. E. C. Kaiter, in which the guests were welcomed with the singing of the national anthem. The toast to the Charter members was given by W. E. C. Kaiter, and responded to by W. E. C. Kaiter.

The Grand Lodge of Alberta was represented by W. E. C. Kaiter, and responded to by W. E. C. Kaiter.

SUNDAY SCHOOL LESSON

Matthew 23: 1-12. The Pharisees and Scribes. Jesus said to the Pharisees and Scribes, "Ye reject the commandments of God, that ye may keep the tradition of men." They said unto him, "Why doest thou thus? For we have heard of thee saying, Thou shalt love God, thyself, and thy neighbor as thyself. And here thou sayest, 'Why do we not leave our tradition?'"

Policy Unchanged On Deportations

OTTAWA, Nov. 25.—There will be no change in the policy of the Department of Immigration in dealing with deportations, as a result of the new views and opinions of the members of the House of Commons. The Minister of Immigration, Mr. C. Gordon, made this statement today in the House of Commons. He said that the policy of the Department of Immigration is to deport those who are found to be inadmissible to Canada. He said that the policy is to deport those who are found to be inadmissible to Canada. He said that the policy is to deport those who are found to be inadmissible to Canada.

No Dead Grasshoppers—

If you have ever examined newly threshed wheat—and (who has not, who lives in Western Canada)—you may notice insects, weed seed, and dead grasshoppers. From the separator this goes to the bin, from the bin to the mill. Then WHAT?

In the mammoth plants of Robin Hood Mills the wheat is first screened to remove the straw, sticks, in-bred seeds, etc. Powerful air action removes the finer particles of dust and foreign matter—then follows a thorough winnowing, scouring and ridding of the wheat.

Make sure the flour you use is fit for consumption on your table. Remember the difference in cost between CLEAN, PURE Robin Hood flour, and cheap, poorly milled flour is only 1¢ PER DAY FOR A FAMILY OF FOUR.

JOHN'S VISION ON PAYNES

Golden Text: "Fear not, I am the
" and the last, and the Living
" Revelation 1:17, 18.
Lesson: Revelation 1:1 to 2:22.
Evangelical Reading: 1 Corinthians

Explanation and Comments

Re Address Or Salutation, verses
With this salutation compare
salutations in Paul's letters, espe-
cially 1 Thessalonians 1.1, 2. John,

beginning of a letter. As we read in Paul's history in The Acts, a sword, not for the continent of Asia, nor for the peninsula of Asia Minor, but for a Roman province in Asia Minor. It was in those churches (named in verse 10) that the book of Revelation was primarily written, the churches with whom John was personally acquainted. Revelation

Seven" is a number representing completeness, and therefore naming all
to the seven churches John invokes
peace and praise from Him who is,
who was, and who is to come,
probably making use of a solemn
stereotyped phrase to describe
Creator. There is evidently here

salvation to Enoch 214, where
Enoch reveals himself as the
one I Am, the Self-existent, and
eternal. And from the seven Spirits

Europe Is Swept By Severe Storm

Shipping In Baltic Sea Impaired
Delayed

London, Dec. 11.—(By wire.)—A severe storm swept across Europe today, bringing heavy rain and strong winds to the British Isles and the North Sea. The storm was expected to continue for several days, with the heaviest rain falling over the North Sea and the Baltic Sea. Shipping in the Baltic Sea was impaired, and many vessels were delayed. The storm also caused damage to crops and property in several areas.

Joseph Farley Sails for England—
Well Known in Edmonton

CALGARY, Jan. 6.—First of several deportations of men pronounced by the division of the Commissioner party of Canada in Alberta has been effected through departure of Joseph Farley, well known in Edmonton and Calgary, to Great Britain. Farley sailed in the British steamer a few days ago.

Deportation proceedings against others are being studied by officials with Farley in mind.

Farley's deportation was effected on the result of his activities in the last two years ago, although full details were not known here. Recently in Calgary he was convicted of a number of an unlawful assembly and sentenced to 10 months in Lehigh Prison but he was released from jail to sail for London, England. An act against his conviction failed.

STEPHENS LTD. AGAIN OFFER RATES TO HUNKEY PLAYERS

Should Play Up Civic League Games - Records Will Be Kept

Stephens Limited are again offering valuable prizes for competition among the Civic League hockey players and those should go on a long way towards keeping up the players and the winter season. Last year these prizes offered an important part in a hockey (Civic hockey) and no doubt they will support the hockey players to keep the players on their toes all the season. When the players are "extra in" the game are good the crowd will not and a good season.

The prize will be as follows: The Royal York made to measure suit for the player winning the greater prize or points, one point to be awarded for each match actually played and 1/2 point for each match. A \$10.00 cash prize to the player who has the most points in the season. The player who has the most points in the season will be the champion. The player who has the most points in the season will be the champion. The player who has the most points in the season will be the champion.

The average of water consumption per person in the United States is 100 gallons a day. There are 20 billion cups of water in the United States. If each person drank only one cup of water a day, there would be enough water to last for 100 years. But we don't drink that much water. We drink about 100 cups a day. That's why we need to conserve water. We can do this by turning off the faucet when we brush our teeth, by taking shorter showers, and by using a water-saving toilet. We can also conserve water by using a water-saving faucet and by using a water-saving showerhead. We can also conserve water by using a water-saving toilet. Miss McFarlane's opinion is based on a thorough knowledge of chemistry, and on close study and effects upon the body. On practical cooking experience, too.

Most dietitians in public institutions, like Miss McFarlane, use *Crisco* exclusively. Because it is hygienic, uniform, dependable, and is consequently better baking material.

FRUIT TEA

"Fresh from the Gardens"

Are We Over-Governed?

The current action against tea, and the resultant financial straits—
—greatly the order of these two conditions should be perceived—here, but
to the advancement of many suggestions and ideas having to do with
the economy of national production and consumption of goods and
services, and administration. Unquestionably people generally are
in a frame of mind to give their entire consideration to these matters which
they deem but which would have been done in a few years ago.

Mounting inflation, provincial and municipal debts, resulting in the
two sets of curbed public services and higher taxes, resulting adversely
upon individual and community taxation, in leading revenue-minded men
and women to realize that their duty is to reduce the cost of their govern-
mental bodies, and that such reduction must be in a fairly large
degree, that the more they get of a few more years, a percentage
reduction in salaries, will not suffice to meet the necessary, savings ap-
proaching many millions of dollars annually to be obtained.

By some it is now estimated that beyond the limits of persons per-
sonnel, it means within the domain of higher politics, that it is a vital
factor of the true success of government. As much it is, it is not
to be dismissed lightly, lightly, and to that direction, and utmost
consideration of facts and proposals every thinking man and woman should
be particularly inspired to make their own contribution. It is only now
that their own future as well as the business and future of their Dominion
which is at stake.

Robert Spence writes: "The man who, regarding his country
wholly on private interests, tends to take part in public affairs, planning
his own life as he would his own business, and to the fact that his
own business is made possible only by the property of all."

There are some people who are not so much interested in the
participation in public affairs. They even assume a superior atti-
tude and treat with contempt those who take an active interest in
the affairs of the Dominion. They are not so much interested in the
affairs of the Dominion as they are in their own private affairs. They
are not so much interested in the affairs of the Dominion as they are in
their own private affairs. They are not so much interested in the affairs
of the Dominion as they are in their own private affairs.

We are experiencing in these radical changes in many of our private
business and social relationships, but in many respects have people
been unwilling to take the necessary steps to meet the new conditions.
The government has been overthrown within the last two or three years
and the new government has been established. The new government has
been established. The new government has been established.

Food Relief

Riga, Latvia. Official reports from Moscow confirm that no food has been received by the Russian peasants by the failure of the harvest in the most fertile parts of Russia last fall. The Government requires food relief.

The districts affected are in West Siberia, the middle Volga basin, Bashkyria and the northern parts of the Caucasus.

ability of supplying the country with grain has radically with the Soviet Government sowing program.

In the Ukraine in part backwardness of preparation for spring sowing is causing great anxiety. According to reports, not more than 1/3 of the grain required for sowing is ready.

The despatch of 1,000,000 bushels of grain to the distressed regions of the Ukraine is being discussed.

derived by Josef Blum, the inventor, last month, but the work is proceeding slowly because the Soviet railways are unable to handle the additional traffic. Another hampering factor is the reluctance of the infected districts to relinquish their cattle, which officials contend is the only way to stop the disease.

Help Up To People To Support Faith

The people of western Canada should heed what Mr. Munro has said. It was the enthusiasm of the western provinces that carried the Hudson Bay route to completion. The people of the west should support the route faith with works. Once it is proven that there will be ships and a channel it should be made certain that there will be those of it to receive

The Man who needs Life Insurance most

is the man who cannot get it!

Ask any of the 400,000 men who last year were "turned down" by the life insurance companies when they wanted insurance.

An accident, or a few days of illness often convert a good risk into a bad one.

The policy you may buy today may not be obtainable next year.

Who men are buying all the life insurance they can while they are still insurable.

Three billions of insurance is carried by the Sun Life on the lives of men who refuse to take the chance of finding they are uninsurable for insurance... when they need it most.

The time to insure is NOW

The strength of the British was plain largely on the knowledge the British are on our side. The National Council of London, real organ of opinion, the country must be leaving preparation for the coming Imperial War. The country far it adds has not been particularly happy making Prime Minister R. B. Bennett's position, which is never very easy quite unnecessarily difficult."

Representation Assumed For Imperial Conference At Ottawa

(Ottawa, Ont.) Mutual advantage to every section of the far-flung Empire will be the objective of the Imperial conference which opens in Ottawa, May 31, said Premier R. B. Bennett, during an hour devoted to considering the problems to be faced at the common-law gathering.

Preparations were well advanced, he stated. Considerable work was gathering information on the three broad subjects to be discussed: trade, communications and defence.

The Prime Minister will head the Canadian delegation and ministers will be called in, depending upon the subjects under review. Every Dominion has accepted the invitation to be

"In there on planet" the old man roared.
 From the right of a rising bar he had dismounted.
 A place provided from the end of the road
 Where all the old lay down their heads.
 He got from the bar the bottle and came to the
 table they will keep up the strife.
 "With no way of warming their daily bread,
 Dressed a living and not yet dead
 Aching the street a barren

A pack of Turret Fine Cut Cigarettes, shown at an angle. The pack is dark with a light-colored band across the middle. The word "TURRET" is printed in large, bold letters at the top. Below it, "Fine Cut" is written in a script font, and "CIGARETTES" is printed in a smaller, sans-serif font. A small circular logo is visible on the right side of the pack.

Thousands of delighted smokers say it because they have proved it, time and time again.

You can roll at least 30 cigarettes with a 30c. package of Turrel Fine Cut cigarette tobacco.

And every cigarette you roll will be to your liking. The more you roll, the more you'll enjoy them.

A Great War! A Great Pestilence! A Great Depression!

ALL within twenty years. Could there be a more grueling task?

Yes! Life insurance stands invincible. During that whole period it paid every obligation promptly and fully — as it has ever since the Dominion was formed.

The Sun Life Assurance Company of Canada itself paid to policyholders and beneficiaries in cash during these periods —

The War (1914-1918) —
The Flu (1919) —
The Depression (1930-1931) —

over \$226,000,000. It has paid to its policyholders and beneficiaries some \$100,000,000,000.

In property, life insurance is valuable; in adversity it is indispensable. The protection of your home, the security of your business, the comfort of your old age, depend first on adequate life insurance.

Have you enough?

Investigate Possibilities Of White Whale Fisheries In Hudson Bay

Maning Man. A new source of wealth from the Hudson Bay is being developed by the Maning Industrial Development Board. The sub-committee on fish by-products will bring ash white whales here from the bay for manning.

The committee has come to the conclusion there is a potential Canadian market for oil, meat and leather from the whale. The commercial whaling market is also thought to exist for certain of the oils which could be profitably exported through Hudson Bay. After preliminary tests of the product are made, the samples will be sent to England, and a survey of the European market will be made by a representative of a

The "wrecking crew" and the "red leg" are the three types of motorists who are most likely to be involved in accidents. The "wrecking crew" are those who are driving too fast, and the "red leg" are those who are driving too slow. The "wrecking crew" are those who are driving too fast, and the "red leg" are those who are driving too slow.

When a motorist is involved in an accident, the first thing that should be done is to stop the car. The motorist should then get out of the car and check for injuries. If there are any injuries, the motorist should call the police and the ambulance. If there are no injuries, the motorist should move the car to the side of the road.

"This Fall we go back to Robin Hood"

JOHN and I had a "heart to heart" last night on money. We decided there are ways to cut living expenses without risking the health of the children and ourselves with inferior food, so this fall we go back to Robin Hood flour. We've had enough of CHEAP, poorly milled flour.

"I'm happy today, for we are going back to Robin Hood. I have been foolish to experiment with the health of my loved ones when a CENT MORE PER DAY will give us good nourishing bread. The lightest bread that anyone could ask for. I am sure John is going to the store and bring home some REAL FLOUR again—a bag of Robin Hood."

Buy Alberta Coal At Freight Rate Lower
A LUMI WITH A \$5 freight
index Alberta coal could
be a matter of five percent
less than it is now being
paid. This was the contention
made in the hearing before the
committee.
The hearing was in connection with

The out-of-pocket cost to the shipper in the coal movement from Ontario in 1931. At present, the shipper pays a rate of \$6.75 a ton and the difference between that and the rate the railways receive is made up by the Dominion Government. Last year that difference was \$1.25 a ton. The board reserved judgment.

Students of Southampton
Atlantic, with guests and sailing
boats, and the harbor of South-
ampton, with daily shipments of
Southampton grain to the world's
markets. The film also contains
a word picture of possible develop-
ment of the southern port, particu-
larly of Prof. J. C. W. Smith, of
the University of Southampton,
at a service club meeting in Southampton.

The film is being shown at the
Central Cinema to start outside through
the port of Chatham, serving the
Dorset coast, and the port of
Dorchester, the ships to arrive this sum-
mer.

At that time there would be a loss of 100 million tons of grain, and 100 million tons of grain would be needed to replace the grain that was lost. The loss of grain would be a disaster for the world's population, and the loss of grain would be a disaster for the world's economy. The loss of grain would be a disaster for the world's environment, and the loss of grain would be a disaster for the world's culture. The loss of grain would be a disaster for the world's future, and the loss of grain would be a disaster for the world's present.

not as trying to writle with your tongue as with your fingers." Sir Richard Leaden Shoul, music director of the British Government Broadcasting Service, in an address at Oxford recently. It is his philosophy, and you will probably go to his aid if you go on with it because it means your *Shahs* are not under control and *Shahs* are *unwanted*.

After struggling for a year to keep going the only theatre in Churchill was folded up like an accordion. More than 80 men camped there on construction bladders full of straw or matted straw. Those pictures are gone. Another signle didn't drive them home. They're stuck around Churchill.

Survey Results In Better Picture Of Weed Problem In the West And Points To Possible Remedy

[illegible]

are based on two things: propensities or "natural bent"; and abilities. Instinct is a close linking-up of a "natural bent" with some particular ability. The close combination of the two gives rise to a "natural bent".

The secret of the ability of migrating birds to find their way accurately over long distances probably lies in powerful energy, enabling them to note landmarks. Prof. C. G. Patton

Facts About Tobacco

Want to Grow an Healthy Free Province of the Dominion?

There are some interesting facts about tobacco growing in Canada which are the outcome of a (1931)

A report which is now in press, and which, with its accompanying maps and illustrations, presents a complete picture of the worst weed growing in better pictures than we have had hitherto of the weed problem in the West and the kind of action required to meet it.

The principal departments of agriculture undertake a programme of field experiments with chemicals, under a system carefully planned in con-

French settlers in the early colonial days.

Government assistance was first given in 1875.

In 1871, the year of the first decennial census, production was estimated at 200,870 pounds for Ontario and 2,110,345 pounds for Quebec.

In 1951 there were some 7,300 farms producing tobacco in Ontario.

Funds placed at the disposal of the Committee by the National Research Council, in assist various university professors in the investigation of some of the more fundamental aspects of the problem, such as the growth habits and root systems of weeds, the diseases of weeds (which may spread to crop plants), and the effects on the soil of the chemical agents used for control. At the last meeting of the committee, representatives of the

Few locations are secure against the forward march of the automobile. Even Bermuda, in mid-ocean, has to be visited by car. The only place where the motorist is threatened by his prey, on Isle Royale, however, on Presque Isle, the backward stroll of man takes form there. Isle Royale has warded off the automobile, and visitors must come by boat. The island is said to keep the machines safe at arm's length indefinitely. But the permanent residents

to the use of chemical, a common ingredient of commercial weed killers, and similar substances. A paper is now in press showing clearly the same results under which it is dangerous to use such materials.

These studies in some of their more fundamental aspects, will be continuing to call for the advantages in the new laboratories at Ottawa, where there will be facilities for controlling

likely supporting it. The World Bank is a lender and not a donor, so it is not possible to observe accurately the effect of any chemical treatment applied to the roads.

Your 1982 review in *World Fish* "I understand you have been indulging in a pugilist encounter and that you have severely injured your opponent. Is that true?"

Yes, I was. "Indulging" is the ordinary, "severe" is the ordinary.

Little Hopes For This Week

He that dwelleth in the second place of the Most High shall make under the wings of the Almighty—
Psalms 91:1

They who on the Lord rely
Safely dwell though danger nigh,
For He will order them His way
Or such faithful servants lead
When that the time shall come they sleep.

Angels guard their eagle way
Death cannot harm them though they stray
Faith and love have power to fear
Harmless and safe to all they care

There shall no evil befall them,
Neither shall any plague come nigh
Whom He will order His way
For He will order them His way
The fullest rest revealed to the race of all
Who dwell in the secret place of the Most High To them are shown
The paths of life and peace
The shadow of the Almighty
Extending far around those who abide

Vermilion Was Fourth Straight League Game

Defeat Inverness 2-1 in Hockey Feature

The local team added two more points to their collection in the Big League hockey game when they defeated Inverness 2-1 in a game played at the local arena. Although scored in the third, the game was far more exciting than the one against Vermilion last week.

The visitors were limited on a surprising score until, but were helped in just a matter of time as there was no one in the white and black. The game was a close one, but the local team was the victor.

The game was well handled by W. E. Doherty as referee and A. E. (Bert) Wilson as judge of play. This was Bert's first local appearance and he was given quite an ovation.

The first period was unexciting, the visitors being more active than the home team. C. Barr being away late of the ball and almost scored in the first five minutes. Things were coming well, then Katschke returned at the end of the first period and the game was a close one.

CATTLE DEAL WITH SOVIETS

IS ENDORSED

Calgary, Alberta.—Canadian-Soviet Russia buyer deals became disclosed as a \$7,490,000 proposition.

Endorsed here by the Alberta Livestock Growers Association in a hurriedly-called gathering and by the United Farmers of Alberta in annual convention, the scheme in almost its complete details became revealed. Negotiations with the livestock as o-

Canadian ranchers and dealers in the stockyards will receive Canadian currency when their sales are made and the 100,000 head of beef and dairy cattle will be taken by the Navy within one navigation season after the arrangements are completed. Export of oil and coal from Free-

MP F. Raul outlined the proposals to the livestock association meeting and if approved, the price of Canadian cattle would increase the price to approximately double the amount now being paid. Mr. Serkan admitted that "approximately \$1,000,000 worth of livestock and machinery were sold in the western provinces distribution of this amount to livestock breeders in both eastern and western Canada."

According to the purchase, the would be 70 per cent beef cattle, the larger amount would go to the prairie and southern producers, while the 30 per cent demand for dairy cattle would

Importation of oil into the Dominion would be on the basis of Trans Gulf prices, explained to cattlemen as being the same to the oil industry as Liverpool prices were to the shipping companies. The proposed importation of oil from the Soviet would be the smaller part of the value, probably only \$1,000,000. The coal imports would be a minimum of 3,000 tons monthly and a maximum of 9,000 tons monthly. The ratio of oil imports would not set but would be regulated by the syndicate on consultation with Canadian refineries, so as not to deprive prices.

Class "W" Fair Will Have All Canadian Provincial Attractions

Winnipeg, Man. — P. W. Abbott, M.C., manager of the Edmonton exhibition, was elected president of the Western Canada Association of Exhibitions for 1953, and C. E. Grubb, Portage la Prairie, re-elected head of the Western Canada Fair Association.

Contract for all platform attractions for the class "A" exhibitions were awarded to F. Thavira, of Calgary, and he will also supply the band music employing western Canadian musicians.

Also for the first time in its history midway and platform attractions in the class "B" fairs will be all Canadian, platform attractions supplied by Neilsen Smith, of Seattle, and the midway by Conking's all Canadian shows Vancouver, B.C.

Building Permits

In December, 1992, contract work was valued at \$3,680,731 against \$5,595,399 in November, and compared with \$7,895,100 in December 1991.

As compared with the preceding month Manitoba alone registered an increase in the value of the hard building showing a gain of \$10,000 or 27.1 per cent. Demand was indicated in the remaining prov-

TEA

"Fresh from the Garden"

Primary Cause Of Depression.

A recent address by Professor O. H. Johnston of the Department of Botany of the University of Toronto, delivered before the Empire Club of Canada, has attracted wide attention through Canada and overseas as it has laid out the line of research which has been the work of the Canadian tea industry. It dealt with a very simple subject, and is thought to be the human tea - caffeine.

Professor Johnston has been producing tea in Canada for some time, and his work has been the subject of much interest. He has been the first to produce tea in Canada, and his work has been the subject of much interest. Anyone can take Aspirin, for doctors have declared these tablets perfectly safe.

And there is no quicker form of relief for any pain.

It is well to remember these things, when anyone tries to persuade you to try anything else, rheumatism, colds, headaches, etc.

Whenever you take Aspirin you know you are going to get immediate results — and you know there will be no ill effects. You know what we are taking.

Why take chances on some form of relief which may not

BUYING POWER OF WHEAT IS UP FIFTY PER CENT

Winnipeg, Man.—Purchasing power of wheat in western Canada over the past 10 years has "slugged" today, stands at 72 per cent of the 1913-14 price compared with 40 per cent in mid-April and only 72 per cent in November 18 last year when wheat sold at 35 cents per bushel in Winnipeg market and touched the lowest point in the history of the grain trade.

The figures are shown as the farmers' index chart compiled by the Pacific Grain Company Limited. Index figures on this scale show cattle with purchasing power of 50 per cent of the pre-war price, hogs 55 per cent, and lambs 72 per cent.

Price of wheat used in the compilation is that paid to farmers at elevators in western Canada. Since 1913, the northern end of the route for 100 bushels freight which is 10 cents a bushel.

CENTRIST PARTY IN GERMANY

IS DISSOLV

FRANKFURT, Germany—Former chairman Helmut Schmidt announced today that he is resigning from the German Social Union, a party he founded in 1975.

A previous statement issued by the party's central committee had announced Schmidt's departure.

The chairman of the Christian Democrats, the governing party, declared the departure was "the result of personal reasons."

WHEAT PACT TO REHABILITATE GRAIN INDUSTRY

...put the finishing touch on the wheat deal, which the negotiators announced last week. The wheat deal, they claim, is the most important step toward a world price for wheat, which would enable the United States to export wheat to the Soviet Union.

Wheat exports here amount to less than the world's impoverished farmer's production. The United States has the largest wheat surplus in the world, and the Soviet Union has the largest wheat shortage. The deal, which would allow the United States to export wheat to the Soviet Union, is the most important step toward a world price for wheat, which would enable the United States to export wheat to the Soviet Union.

Washington, D. C., Nov. 17.—The balance sheet of the international agreement finally agreed upon by the League of Nations and the United States for the settlement of the Argentine debt to the United States for 1914-1915 is 100,000,000 dollars. The balance sheet is 100,000,000 dollars.

Columbus will go to the polls on Monday, November 2, to elect the 18th legislature. Official figures are expected to be announced by the end of the day.

The 17th legislature was August 1, after running course of five years. With it the 1932 Redistribution act to effect reducing represented the legislature by one seat changing the boundaries of Ings and adding a new seat River.

Mayor Of Atlanta Has Introduced Many Wondrous Ideas

KING Sug. of Atlanta, is the youngest king in Georgia and the most energetic. Electric lighting, telephone service and air transport are among his interests. In two years he has improved a "redoubtable vessel" of Western civilization on a scale no king and even Oriental potentates have dared to undertake. He has introduced a "greatest day," set of them dates at the advice of Dr. Kings at Vienna where he used for a night.

THE LIFE OF PAUL

Golden Text: "I have fought the good fight, I have finished the race, I have kept the faith."—II. Timothy 4:7.

Lesson: Philippians 2:1-14.

Devotional Reading: Psalm 138.

Hymn—Song and Communion

Corinthians (usually, verse 1-2). Paul's letter to the church at Corinth had to be sent to his readers that they would know that he was still alive. He knew it was hard reading, but he preface his counsel with the words, "I have written you very bold letters because I know that you will have been able to bear them." He knew he was striking note in his letter so he wrote to them in a friendly way. He tells them to be on their guard against the unbelonging Jews, whom he cites as "enemies of the cross of Christ." They receive the last epithet by way of warning. He tells them to be on guard against the false teachers, some of the Corinthians. The Apostle Paul was not a man to be trifled with and would not be rejected by "Christ and his body," as the apostle transfers the name to the Church, upon whom the Holy Spirit dwells and dwells forever. These men were sinners, degenerate

Wald Prohibited
The new eight-mile-long Peter Meyer Tunnel, under the river from Liverpool to Birkenhead, is now open to traffic. It has presented an enormous problem to the engineers because of the fact that it is expected that more than a thousand tons of water will be running through it at the same time. Strong pumping machinery will be used to drive the dangerous exhaust fumes from the tunnel. There are two special cars for carrying cars, and two for carrying trucks. The tunnel is equipped with a fire alarm and fire-fighting system, and is divided into sections at short intervals with chemical and hydraulic and telephone control.

New State at Liberty to Break With Britain

Irish Free State is a republic and it has repudiated all co-operation with Britain and the Empire while willing only to retain the trade benefits accruing to Empire countries. The British government has sought from efforts to reconcile the two positions, but the Irish would not be allowed to take outside the British Empire to the extent that it wishes itself out. The only way of settling the question is for the government to invite the Irish Free State to join the Empire.

Irish Free State wishes to have a political association with the Empire countries.

EBERT

An amusing picture of the life of a native in East Africa is painted in a dispatch from Dar Es Salaam. An agricultural show instituted to educate the natives in the improvement of farming methods had a most unexpected effect. With the doors closed and the windows curtained, the first appearance of a picture of the screen was greeted with cries from the spectators. The doors were opened and the wretchedness rushed out into the daylight and air. Although the Government attaches considerable importance to this

World Happenings BRIEFLY TOLD

After arriving at 44 years on the bench, Frederick Mead, former Metropolitan police magistrate, has been elected to the office of mayor of London.

A new five-year plan, intended to make the world a better place, has been introduced by the League of Nations.

The first year of the plan is to be devoted to the study of the world's problems, and the second year to the study of the world's resources.

Manville Couple Celebrate Silver

Wedding Anniversary

Manville Feb. 10.—About fifty old-timers of Manville and district paid a surprise visit to the home of Mr. and Mrs. Bruce Manning, on the occasion of their twenty-third wedding anniversary.

Mr. and Mrs. Manning have been in the Manville district for the best 20 years and during that time have had a host of old-timers.

At a table of the restaurant in which Mr. and Mrs. Manning are now residing, W. P. Custer, and Mr. E. J. Peterson, both of the old-timers present, presented them with a silver service, be-

Mr. Bryden died as testmaster and many and varied were the stories of the oldtimers. The wedding cake was made by Mrs. G. B. 2-24-11

DRIVES HIMSELF TO WORK AT 62

When a man reaches the age of 62, he is usually expected to retire. But not so with Mr. J. H. Smith, who has just celebrated his 62nd birthday. Mr. Smith, who has been in the business of selling insurance for over 30 years, has decided to continue working. He says that he enjoys his work and that he is still in good health. He has no intention of retiring and plans to continue working for many more years.

And Still Plays a Little Golf

Mr. J. H. Smith, who is 62 years old, is still in good health and is still playing golf. He has been playing golf for over 20 years and is still enjoying it. He has won several tournaments and is still a member of the local golf club. He says that golf is a great way to stay in good health and to enjoy the outdoors.

World's Largest Telescope

The world's largest telescope, which is located in the state of California, has just been completed. It is a 200-inch telescope and is the largest of its kind in the world. It was built by the Lick Observatory and is named after its founder, James Lick. It is used for observing the stars and planets and for studying the universe.

They Thought He Was a Fool

When a man is 62 years old, he is usually expected to retire. But not so with Mr. J. H. Smith, who has just celebrated his 62nd birthday. Mr. Smith, who has been in the business of selling insurance for over 30 years, has decided to continue working. He says that he enjoys his work and that he is still in good health. Agricultural Notes

Many items of interest to the farmer are being reported from the various parts of the province. The weather is generally good and the crops are growing well. The farmers are busy with their work and are looking forward to a good harvest.

Plum Smoking Tobacco

The plum smoking tobacco is a new product that has been developed by the Canadian Tobacco Company. It is a blend of the finest tobacco leaves and is known for its rich flavor and smooth taste. It is available in a variety of sizes and is perfect for those who enjoy smoking.

Only One Left

There is only one left of the original plum smoking tobacco. It is a rare and valuable product that has been passed down from generation to generation. It is now being sold at a high price and is highly sought after by collectors.

Plum School After Lunch

The plum school is a new school that has been established in the town of Plum. It is a small school with only a few students. The school is named after the town and is known for its excellent teaching and facilities.

Quick Relief Now

from Neuragia

1 JACK: 'M TO SEE CLARK ABOUT THAT BUS ORDER. WASN'T HEAT ANY MORE. HEARING HEAVYLY WHAT CAN I DO?

DO: DON'T WORRY! GET SOME ASPIRIN, TWO TABLETS NOW. YOUR HEAD PAIN IS A PEA MINUTES.

8 LATER

CLARK JONES: GOT THE ORDER. YES PLEASE. AS A FIDDLE YOU BEAT A HORSEY.

JOE: I'VE BEEN HERE FOR FIVE MINUTES. I'VE BEEN HERE FOR FIVE MINUTES. I'VE BEEN HERE FOR FIVE MINUTES.

Real ASPIRIN Starts Taking Hold in Few Minutes

Now comes amazingly quick relief from headaches, rheumatism, neuritis, neuralgia... the fastest new relief, if it is real, get it - ASPIRIN.

These results are due to an Aspirin discovery by which an Aspirin Tablet begins to work in 15 minutes. It integrates in the stomach in a matter of seconds after it is dissolved in water. An Aspirin starts working in 15 minutes a few minutes after taking.

The illustration of the glass, here, tells the story.

WHY ASPIRIN WORKS SO FAST

First, a glass of water is poured into the glass. Then, the Aspirin tablet is placed in the water. The Aspirin tablet dissolves in the water. The Aspirin is absorbed into the blood stream. The Aspirin starts working in 15 minutes a few minutes after taking.

Do not miss this special offer. Buy 10 or more bottles of Aspirin and receive 10 bottles of Aspirin at no charge. This offer is available while supplies last. For more information, call 1-800-333-3333.

The Lawrence season of the

 departure of the Aurora and the
 Athena. The Athena made her first
 appearance early in May and from
 now on, these companies will main-
 tain practically a weekly service to

been more than offset by falling prices abroad, the many lands, hotels and railways have reduced their tariffs by as much as half.

Indications are that this will also be a good cruise year. Last winter the veteran Mauretania in her all white dress and with her gayly decorated rooms, enjoyed enormous popularity in her West Indian cruises.

Attracted the most popular crowd was the automobile race that started by the Bronx on September 19th from New York to South America. Under the name "Management of Tom Cook & Co." American Express Co. and General Tire Sales Co. are sponsoring the race. American and European drivers will start the race at the Longmeadow Hotel, and the starting line will be at the Longmeadow Hotel, and the starting line will be at the Longmeadow Hotel.

Queen May Launch Line

The British government announced that the King and Queen would visit Colombia at the end of September to watch the new giant jetliner, the Hawker Siddeley Trident, being built by the British firm.

Improve Your Prosperity
If measurable 10 and 20-day life expectancy is a possibility, then life, as lived in New Mexico at last century's turn, is a natural and logical step in the evolution of the human race. The life expectancy of the human race is being kept at a constant level, in the United States, by the same factors that have kept it at a constant level in the rest of the world. The same factors that have kept it at a constant level in the rest of the world. The same factors that have kept it at a constant level in the rest of the world.

**Exceedingly Rare Specimens Sold
For Seven Thousand Dollars**

Seven thousand dollars for two little pieces of grummet paper together less than two inches square. That is what happened at a sale-room in Bond St W London, recently.

True, the little pieces of paper are dignified by the name of stamps. They were two of the 1931 issue of Canada valued 24 cents and bearing a charming portrait of Queen Victoria in her early womanhood.

These stamps, described as "superb in every respect and exceedingly rare," were shown in the collection

The removal of the collection brought buyers and commissions from all parts of the world, and in the saleroom were people whose names are familiar wherever stamp collecting is discussed. Messrs. Stand-

Experienced men of the world, though they are and doubtless acting on commission for clients they were as excited as a pack of school-boys about the treasures displayed before their eyes.

Then there was what was described as an immaculate pair of cold water Niva Niva stamps used on an envelope to India with a yellow cover. This lot had \$2.50 but a

WHY ASPIRIN WORKS SO FAST

Drop an Aspirin Tablet on a glass of water. Aspirin (ASA) is the active ingredient in aspirin tablets. When it comes in contact with water, it dissolves and is absorbed by the body.

When it enters the bloodstream, it acts on your stomach. Hence, it
